

YOUR MEMBERSHIP SUPPORTS YOUR ENERGY EFFICIENCY INDUSTRY

Membership in a trade association has many benefits for your company and your employees. Two of the best reasons to be an EEBC member are networking opportunities and timely energy efficiency news and information. Another reason to be a member is EEBC provides an opportunity for your business to have a voice in influencing policy and legislation to industry leaders. EEBC is the industry's voice to create opportunities to grow your energy efficiency industry.

Attend EEBC's Quarterly Membership Meetings and be sure you are receiving EEBC's newsletter *News You Can Use...*

2021 QUARTERLY MEMBERSHIP MEETING | 7:30 am to 9:30 am

The Energy Efficiency Business Coalition (EEBC) is a statewide trade association that represents and advocates for businesses that provide energy efficiency, demand response, beneficial electrification, products, and services in Colorado.

Our member businesses include demand-side management implementation and evaluation experts, demand response companies, engineering and architecture firms, data analytics firms, financing experts, commercial energy service companies, workforce training entities, manufacturers, distributors, and contractors in residential and commercial markets.

EEBC facilitates industry collaboration to expand the energy efficiency marketplace and create opportunities to grow our member's businesses.

We support energy efficiency policies and programs that create sustainable jobs for long-term economic vitality and growth by providing cost-effective energy while improving the environment and public health, uphold the standards for safety, quality, and professionalism in the energy efficiency industry.

EEBC Provides Members the platform to **Advocate** for your business initiatives, the opportunity to **influence DSM Plan/Policy/Legislation** outcomes, and receive **news, information, and updates** on initiatives and trends that can make a difference to your business' bottom line.
EEBC is the industry's voice to create opportunities to grow your energy efficiency industry

"EEBC advocates on behalf of the energy efficiency industry at a fraction of the cost it would take us to cover these issues individually." – Tim Jones, Controls Leader at Ingersoll Rand/Trane
